Project timetable

SEPTEMBER

All about the project: The students guess the project title and the partners, then watch a trailer and guess what the project is about. They write their ideas and answers on the Twinboard.
Deadline:

Twinspace: Explanation of how to use Twinspace and the different tools. This is a reminder for the students who already know how to use it, and it is new for the beginners.

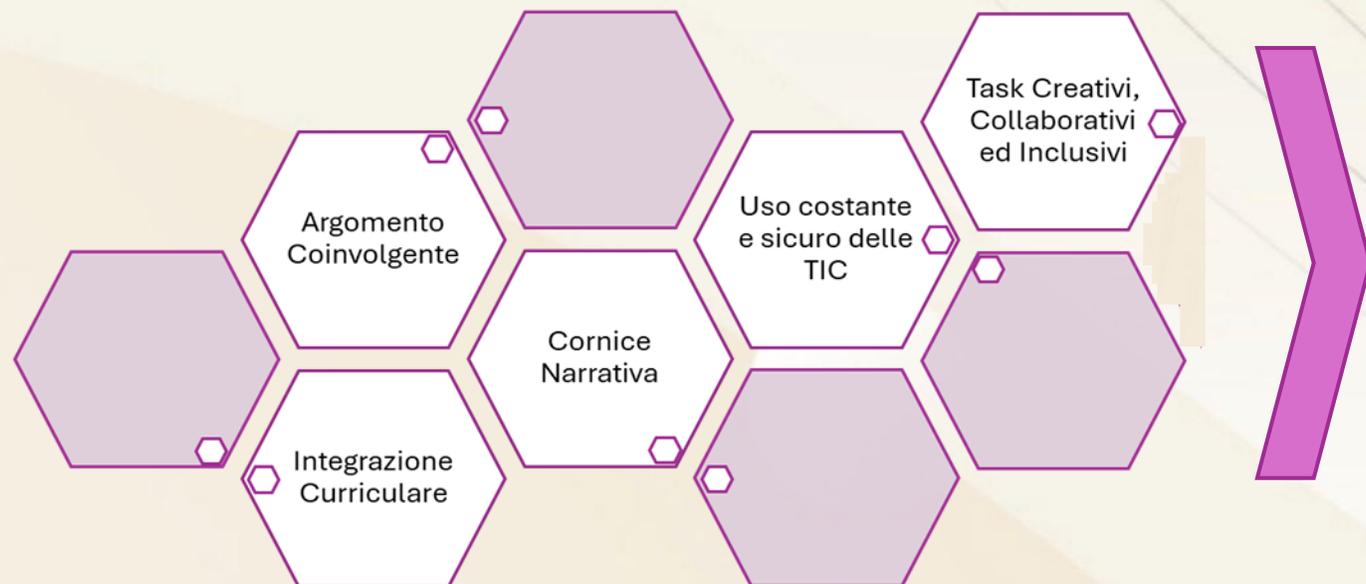

All about us in the year 2024: The students introduce themselves on Padlet (in the column of their international group) by writing about their interests, pets and funny facts about them. After that, they comment on the profiles of other students in their international groups.

OCTOBER

eSafety & Netiquette: The students review the rules of internet safety and netiquette. They create a presentation using Canva with the most important rules. Each country comes up with 5 rules and

- 16 Final Mission: The rescue story
- 17 Final Evaluation
- 18 Dissemination

Hello, everyone! Welcome to our special mission!

You got a message. Unfortunately, it broke into pieces and was encoded using different ciphers. Your mission is to work in international teams to decode your part of the message, share your solution, and help put the message back in the right order.

Each team has one part of the message that is encrypted with a cipher. You will use the presentation to learn how to decode it. When you think you have solved your part, you will discuss it in your team forum and agree on the final solution. Then, one person from your team will post the solution on the TwinBoard, using your team number as the title.

- 13 Inside the spaceship
- 14 Meet the planets
- 15 Project logo
- 16 Final Mission: The rescue story
- 17 Final Evaluation
- 18 Dissemination

Great job, everyone! You have worked in your groups and decoded your part of the message. This message comes from Cosmic Animals – the descendants of animals sent from Earth long ago. They now live on a faraway planet, but they are in big trouble and need our help.

Now, it's time for the next step. Each group has one piece of the message, but to understand the full SOS, we must put all the pieces in the correct order. To do this, you will use a game created in LearningApps.

Work together, use the game, and arrange the sentences in the right sequence. Let's figure out the Cosmic Animals' message and help them! 🐾

This is why we are sending you this SOS message. We need your help!

A strange danger is hurting our planet. We cannot stop it alone.

Task
Put the sentences in the correct order.
OK

Now, we live on a planet we call Home. But something very bad is happening here.

We are the Cosmic Animals. Long ago, animals from Earth were sent into space.

Even though we are far away, we still feel close to Earth, our first home.

Together, we can save our planet from the danger you face, you from the Cosmic Animals.

«CARI ANIMALI COSMICI»

Dear Cosmic Animals,

We are from the planet Earth. We received your terrible news. We feel very sorry for you.

We understand how important your problem is and we promise to help you! We'll send help to you and do our best!

Please answer quickly and tell us what you need. We have got really strong guns, some space rockets and spaceships, with this equipment we can help you. Bye bye from the Earth.

Palermo - 11/13 dicembre 2025

PADLET «ALL ABOUT US IN 2045»

All about us in 2045

Team 1

MATTEO ERMISINO (ITALY)

I'm a bounty hunter who drives his spaceship and captures criminals in all the galaxy with my droid C1-P8. I'm single and I'm 32 years old. I live in Coroscant, a city planet in the galaxy. My vehicle is called Madonna, like the singer. My weapons are a blaster and a protonic-gun.

5

Aggiungi commento

Nicole A. (Italy)

Hi, my name is Nicole and I am 32 years old. I live in London. I have one son, he's 13 years old. My hobby is travelling and I have got a brown dog.

Giorgia D.M. (Italy)

Team 2

Tonia.GR

Hi, my name is Tonia and I'm 32 years old. I have 2 kids, husband and 1 cat. I'm wet, because I love cats. My hobby is playing with my kids.

2

Aggiungi commento

Nikola.PL

Hi, my name is Nikola and I am 32 years old. I live in Zambrow. I teach children Polish, it gives me great pleasure. I have a husband, two lovely children and I have two beautiful and adorable puppies, which are called lassie and meringue. My hobbies are dancing, taking care of children, drawing and singing. On weekends we always go to the mall and a family and eat delicious ice cream or pizza, and sometimes we bake delicious cakes together with cool children. The children are always smiling and happy and thank us for spending time together.
